The Office of Medical Student Affairs has registered all students into required course work for the fall. Students with past due balances have been notified. The official account statement from the Indiana University-Purdue University Indianapolis (IUPUI) campus will be generated electronically on August 9, 2012 – you should be able to see your balance via OneStart. If you are receiving financial aid that will cover your entire tuition and fees, you will likely not receive an electronic billing via QuikPay. All available financial aid will credit student accounts on or after August 3rd. This assumes all steps have been completed by the student to secure aid. Electronic statements will carry an August 21, 2012 due date. The IUPUI Office of the Student Account Services does not mail a paper bill. A notification is sent to the student’s IUPUI email address letting them know a bill is ready for pick up. The balance of the student account, their current bill, plus their electronic bill history can be viewed by the student or their designated third party via OneStart.

After accessing OneStart, students will be asked to login using their university username/password (passphrase). This is the same username/password (passphrase) used for accessing IUPUI email accounts. After accessing this site, click on the “Go to Student Center” link found in the “Student Self-Service” section. In the “Finances” area, you will find a link to Account Inquiry. This area has a summary of charges, account activity, charges due, payments, and anticipated aid.

The total yearly tuition for an in-state resident is $32,692.00 (billed $10,625.42 for summer and $11,033.29 for both the fall and spring terms). Tuition for an out-of-state resident is $50,132.16 (billed $16,046.08 summer and $17,043.04 for both the fall and spring terms). The chart in the following column gives a total breakdown of all fees for the fall term.

Once the bill is received, students are expected to pay the difference between the tuition/fees and the anticipated aid by the stated due date (8/21/12). Students expecting a refund to cover both their tuition/fees/living expenses should receive this money as soon as the student’s financial aid package has been sufficiently processed by the School and University Offices. Up to date information will be sent via email from the MSA-Student Financial Services office regarding when this aid should be applied to your account; it is anticipated that aid will credit to student accounts on August 3rd.

### Fall 2012 Fees – MS III & MS IV

<table>

<tr>
<td>Total charges – out-of-state resident</td>
<td>$18,603.00</td>
</tr>
</tbody>
</table>

+ Starting in Fall 2009 changes were made to the mandatory fee structure at IUPUI. The IUPUI General Service Fee of $331.10 is now included within the resident/non-resident medical fees.

*IU trustees recently approved a Temporary Repair and Rehabilitation Fee beginning Fall 2011. The fee will help cover the cost of necessary repair work and ongoing maintenance costs for IU’s 900 buildings and associated infrastructure. At IUPUI this fee will be assessed as a credit hour rate for all students except Medical and Dental students who will be charged a flat rate. For Flat-Rate Medical and Dental students, the rate will be $159.96 per semester. All rates apply to each semester of enrollment, including Summer.
STUDENT HEALTH INSURANCE

All students are automatically assessed the School’s health insurance premium upon registration. The school sponsored insurance carrier for the 2012-2013 academic year is underwritten by Aetna and administered by Aetna Student Health of Boston, MA.

All students will be automatically enrolled and assessed at registration, so there is nothing more to do if you wish to begin coverage. However, if you are participating in the School’s Plan, it is very important that you have your address information up to date. Instructions on how to update your address are found in the “Miscellaneous” section at the end of this newsletter. Aetna Student Health does not require you to complete an application to begin coverage, but will need an address in order to mail statements, replacement cards and other information to you. Insurance identification cards will be mailed to the address you have on file with Medical Student Affairs after the September 1, 2012 waiver deadline has passed.

Detailed information is available at http://www.indiana.edu/~uhrs/benefits/iupfps_2012-13.html Students who have additional questions about the plan should contact IU Human Resources Student Health Insurance Coordinators at (812) 856-4650 or studenhc@iu.edu.

As in the past, students may elect to also purchase insurance coverage for spouses and children through Aetna Student Health. Information regarding coverage for additional family members as well as info on the voluntary dental plan can be found on the website.

For MS III students, the total yearly premium (August 10, 2012 – August 9, 2013) of $2,800 has been broken down into two equal payments of $1,400 (fall and spring assessments). For MS IV students, the total yearly premium (August 10, 2012 – June 30, 2013) of $2,433.00 is assessed at $1,400 for fall and $1,033 for spring.

Waiver Information

Waiving coverage will again be possible by using the convenient online format described below. Waivers will not be limited to parent or spouse coverage; however, a student must have alternative coverage that meets “comparable coverage” requirements. (Note: in order to maintain its accreditation the IU School of Medicine must ensure students are provided with adequate medical insurance.)

For those students who have comparable coverage and do not wish to enroll in the health insurance plan, there is an option to waive. The online waiver form can be filled out at https://www.aetnastudenthealth.com/hardwaiver/defaul t.aspx?groupId=812801 and must be filed by September 1, 2012.

Students who have questions about the requirements for waiving coverage should contact the Student Insurance Coordinator at studenhc@iu.edu. Please note that once your waiver is filed and accepted, you will not be able to return to the IUSM health insurance plan without a qualified change in status. If you lose alternative coverage due to a qualifying event, you must enroll in the Aetna Student Health Insurance plan within 30 days of losing coverage.

Waivers for the full 2012-2013 school year must be done on-line and completed no later than September 1, 2012.

NO EXCEPTIONS WILL BE MADE FOR LATE WAIVERS

The on-line waiver is quick and easy and you will receive a confirmation printout as well as an email with a confirmation code upon completion. Credits will only be issued after the waiver period closes on September 1, 2012. Aetna Student Health reserves the right to audit waivers for validity. The on-line waiver system exceeds the security requirements established by HIPAA. A complete description of Aetna Student Health’s Confidentiality Policy can be found on their website.
MISCELLANEOUS

ENROLLMENT CERTIFICATION/LOAN PAYMENT DEFERMENTS

Students needing certification of student status for deferment of loan repayment, etc., may request such certification from Melissa Titus in MS 119 (317-278-5242). Please note that enrollment certification may only be processed for the current academic year or past years. Students can submit these requests at any point. However, official certification cannot be sent out until the student’s first day of class.

ADDRESS UPDATES

Address updates must be made in two systems. The first is OneStart. To make the change in OneStart, access the system and open the “Student Center.” In the “Personal Information” section click on one of the valid address and then click the edit option on the next screen. After making this change, it is VERY important that you also change your address with the School of Medicine by using Oncourse. Further instructions on how to make the change in Oncourse will be sent to you at a later time.

MSA-STUDENT FINANCIAL SERVICES

Once the bill is received, students are expected to pay the difference between the tuition/fees and the anticipated aid by the stated due date. Students expecting a refund to cover both their tuition/fees and living expenses should receive this money as soon as the student’s financial aid package has been sufficiently processed by the School and University Offices. Students who are not receiving financial aid or do not anticipate financial aid to fully cover the amount due should make payment by August 21st to avoid any late charges. Information will be sent via email from the MSA-Student Financial Services office regarding when this aid should be applied to your account; it is anticipated that aid will credit to student accounts on August 3rd.

If you are receiving financial aid that will cover your tuition and fees, you will likely not receive an electronic billing via QuikPay. All available financial aid will credit student accounts on or after August 3rd. This assumes all steps have been completed by the student to secure aid.

For details regarding financial aid, students should contact the MSA-Student Financial Services office (see below).

PARKING PERMITS

Parking permits (E lots only) may be purchased at the Parking Services office in the Vermont Parking garage (XB on an IUPUI Campus Map) beginning in mid-August. They can also be purchased online at http://parking.iupui.edu. Parking Services office hours are MONDAY—FRIDAY 8:00am to 5:00pm. The office is not open on weekends. They can be reached by phone at (317) 274-4232 or parkadm@iupui.edu.

The cost of the fall permit is $105.00. Annual permits cost $252.00. The annual permit is valid for fall 2012, spring 2013 and summer 2013 terms. In order to eliminate the necessity of purchasing a separate summer 2013 permit, it is strongly recommended that all students purchase an annual permit. Beyond the convenience, it saves a small amount versus individual permits for each term. Students will need to know their license plate number when purchasing the permit.
